# Abri-Soft Washable

## Abri-Soft Washable

Underpads ideal for use as additional protection for beds and chairs during procedures such as changing patients or making beds. For longterm use.

- Washable underpads
- Produced from PU or PVC material
- Textile side is soft cotton
- Comes with rounded corners, flaps or handles
- Can be washed more than 300 times
- Can be washed up to 95° C
- Unique full surface construction ensures no differential shrinking in the layers when washed
